## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Rani Birla Girls' College views teaching-learning as a crucial part in the entire Curriculum. Hence, the teaching- learning in the college is not only restricted to the four-walls of a classroom but also ranges through a variety of activities organized in the college. As an integral part of the University of Calcutta, the college ensures that each and every aspect of the curriculum set by the University is soundly met. At the beginning of every session, the Time-table committee efficiently designs a master time table where distribution of classes, subject-wise and department-wise is done. In reference to the master routine, the Heads of the Department distributes classes to the faculties keeping in mind the direct teaching hours as per the UGC's guidelines for promotion of College teachers. The curriculum is delivered through various mechanisms. As far as teaching-learning is concerned, the college ensures that the students get the best of what is being taught in the classroom as well as through mentoring. In order to encourage 'learning by Doing', the students are asked to prepare charts, posters and place them on the classroom walls as this creates visual learning as well. As the CBCS was implemented, the students are constantly informed by the departments about the credits assigned as per each components - Attendance, Internals, Tutorials, Theory /Practical so as to make

sure that there are no irregularities on assigned works from the students. The college takes into account that no student is left behind in terms of admission, enrollment in examination, participation in various activities, hence, important notices are displayed on the notice boards as well as in the college website. The college makes an effort to initiate programmes and activities through which there is an all round development of the students. Different department organizes seminars and lecture series on various issues pertaining to the need of the students. The department of Geography organizes field visits and excursions for the students. The department of Education encourages the students to participate in the Inter-college Seminars held every year and prepares them accordingly. The teaching-learning takes place using ICT's, wherever suitable and continuous assessment of the learning is done through remedial classes and assignments. Each departments holds regular meetings and look into the grievances of the students related to teaching-learning, as such remedial classes are taken. As for the documentation, every department keeps a record of the syllabus distributed, minutes of the departmental meetings held. The heads of the departments at regular intervals interact with the principal regarding the progress of the curriculum delivery and also discuss measures to solve various problems if any as such. During the lockdown, the institution made sure that the faculties are available to the students through various digital platforms like Google meet, Zoom and through instant messages. As such, there was a smooth teaching-learning process through Google classroom where study materials were provided, audio-visual classes, audio recordings, video tutorials, web links were also shared with the students ensuring the completion of syllabus on time.

Students	Yes
Teachers	Yes
Employers	Nil
Alumni	Nil
Parents	Nil

#### 1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>Feedbacks promote better performance and reasonable solutions to every problem. Hence, the college ensures that the feedback is obtained from various stakeholders like students, teachers, parents and the alumni. The feedback is obtained through a comprehensive questionnaire covering various aspects of teaching and learning, evaluation, infrastructures, co-curricular activities, health and hygiene, admission procedures and canteen facilities. The feedbacks obtained are then analyzed through graphs giving weightage to the maximum of responses received for an issue showing the strengths and weaknesses of the college. The feedback reports are shared with the faculties and also discussed in the IQAC meetings with the Principal. Important suggestions are taken with immediate consideration and necessary proposals, if any, are forwarded to the college authority for approval. The college also has a student complaint box in an easily accessible place. The complaints/ suggestions received via the box are also taken into account and measures to solve those problems are discussed. The feedback received are utilized for - 1. Making the teaching- learning process more effective. 2. Monitoring students progress on a regular basis. 3. Catering more towards the need of the students in relation to present day education system. 4. Improving on the use of ICTs and other modern teaching learning tools and techniques. 5. Creating a student-friendly environment in the college which leads to open interaction between the teacher and the taught.</p>

6. Giving special attention to students who are academically and socially slow.

**2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)**

The advantage of being a comparatively small institution (in terms of premises, number of students and faculty) is that close physical proximity between teachers and students affords scope for both to be in regular and close contact. At Rani Birla Girls' College, mentoring is a natural extension of the teaching-learning process. Students might approach teachers in the library or staffroom for clarifications on academic matters or advice on personal issues. But above and beyond such impromptu mentoring, the college has a structured system to provide support and guidance to students in a range of areas. Conventionally, mentoring has had a primarily academic agenda. Students who find it difficult to cope with the curriculum in general have the option of seeking out a teacher of their choice, with whom they might freely discuss their problems. On the other hand, a student who shies away from clarifying her doubts on a particular topic in the classroom might approach the subject-teacher for further explanations. Every Department maintains a 'Mentoring Register' to record mentoring interactions by individual teachers. There is, also, group mentoring, when a teacher addresses learning-difficulties experienced by several students in a class on the same or related topic(s). On such occasions, students are encouraged to express their doubts, formulate independent points of views and engage in peer discussions. This kind of mentoring is more than just problem-solving it builds confidence in the learner, fosters peer learning and forges trust between teacher and learner. Increasingly, mentoring has come to cater to an equally crucial student need, namely, mental health. The undergraduate negotiates with an abrasive competitive environment. Teachers are sounding boards for anxieties related to examination-performance, failure to cope with academic expectations at home and confusion over career prospects. For advice on these matters, students usually schedule a one-to-one session with a teacher-mentor in advance. Such mentoring is reinforced by career counselling workshops organized by the Students' Advisory Subcommittee and intensive pre-examination counselling at the departmental level. Students also bring to the teachers, purely personal issues of distress and trauma, which are related to dysfunctional-family situations, conflicted relationships, financial issues at home etc. The College encourages faculty to attend workshops/seminars on mental health issues of young adults and new strategies of student counselling to better equip them to mentor students. During the Covid-19 lockdown, teachers made themselves available online to students beyond class hours to address their issues of mental health and physical well-being. Regarding academics, the transition from physical classes to online modes of learning, proceeded through prolonged and intensive mentoring sessions. Teachers familiarized students with the modalities of Google Classroom and use of various e-resources, often engaging in one-is-to-one interactions to resolve the individual difficulties encountered in adjusting to the new methods of learning.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Since it is affiliated to the University of Calcutta, Rani Birla Girls' College abides by the University regulations regarding internal assessment of undergraduate students. Under the 3-Year B.A/B.Sc. Honours and General System, the College conducts preparatory Mid-term and Selection Examinations. For the CBCS Programmes, the College holds Internal and Tutorial Examinations. Marks obtained in these and in the University-conducted Theory Examination are used to compute the consolidated semester grades. There is a dedicated Examination Sub-committee, which oversees the examination process. These apart, the College endeavours to promote a culture that encourages continuous learner-evaluation through class tests, home assignments and group discussions. The last, particularly, encourages students to articulate their thoughts on issues, consolidates concepts learnt in class and fosters peer-learning. In Journalism and Mass Communication, Geography and Fashion and Apparel Design, acquisition of practical skill-sets is tested through group projects and presentations. CIE has a three-fold objective: first, it catalyses consistent efforts on the part of students second, it provides scope for corrective interventions by the faculty third, if learning outcomes are unsatisfactory, it facilitates review of teaching methods. In 2019-2020, the lockdown following Covid-19, necessitated new strategies of internal evaluation. For this: 1. the Google Classroom was used to prepare online assignments such as multiple choice, short and essay-type questions 2. group discussions were conducted via Zoom or Google Meet 3. the Department of Fashion and Apparel Design assigned practical projects online with the help of demonstration-videos on embroidery, stitching and draping 4. the Department of Geography conducted online practical projects in which field reports were prepared by collecting data via Google Form.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Rani Birla Girls' College prepares its Academic Calendar in compliance with the Academic Calendar framed by the University of Calcutta for its constituent colleges. The University also issues schedules for all undergraduate examinations to be conducted during a particular academic session. In the College Calendar, events and processes such as admission, start and end of semesters, semester breaks, recesses, vacations, public holidays and all examinations (Selection, Theory, Practical, Internal and Tutorial) strictly

conform to these University guidelines. Other academic activities in the College, such as internship programmes and field visits by the Departments of Fashion and Apparel Design, Communicative English, History and Geography are also organised in relation to the University Calendar and schedules. Departments are solicited in advance for dates of seminars, workshops, special commemorative programmes (such as the celebration of Dr. Ambedkar's birthday). College events such as Freshers' Welcome, Annual Day, Sports and International Language Day are also planned well in advance. All such activities and programmes are incorporated into the College Calendar. This is prepared under the aegis of the IQAC and is displayed on the College Website as well as on noticeboards in the College at the beginning of each session. This ensures that all academic and co-curricular activities proceed in a systematic manner. Guest lectures and student seminars though, are not necessarily listed in the Calendar. This makes for some flexibility. For the session 2019-2020, events listed in the College Calendar were cancelled / rescheduled post-lockdown, following the outbreak of Covid- 19.

### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institution has imbibed the spirit of decentralization and imparted the practice of participative management from long time keeping in view the objectives of the governance and management. Various responsibilities regarding the management or governance of the institution are duly distributed among its stakeholders wherever applicable. Activities whether administrative or educational are managed by different committees having representative from the faculty members, non-teaching staff, and also from the student community wherever applicable. Members of different committees are entrusted with a range of activities which gives them the scope to show their administrative skills apart from teaching or non-teaching activities. The different committees of the college looking after the academic, administrative and co-curricular aspects report to the Principal about their activities, ensuring efficiency, coherence and functionality. Teachers' Council of the college acts as the proper

communication channel between the Principal and the teaching staff. The Internal Quality Assurance Cell or IQAC ensures active engagements of all the stakeholders in its various tasks of planning, development and evaluation.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

## 6.2 – Strategy Development and Deployment

Strategy Type	Details
Research and Development	Several teachers are engaged in active doctoral research and publication. In addition to this, a significant number is actively engaged in serious academic pursuits.
Teaching and Learning	The departmental heads conduct departmental meetings for syllabus distribution and monitor the progress of syllabus completion from time to time. The departments maintain strict compliance to the academic calendar for teaching the prescribed curriculum. Conventional lecture method is supplemented with practical demonstrations, lab sessions, field trips, seminar presentation, invited lectures by experts, play readings etc. Interactive learning is encouraged particularly through group discussions and presentations. Continuous evaluation of student's performance is practiced, and regular parent teacher meetings are held for communicating student's progress. The laboratories of various departments are extensively utilized for practical teaching and learning.
Examination and Evaluation	The college conducts examinations as per the regulations and notifications issued from time to time. The faculty is well acquainted with the stipulated evaluation criteria as prescribed by the University. The students are made aware of the details of the evaluation process by concerned teachers through orientation and introductory classes. Internal examinations comprising of class tests, tutorial, home assignments, presentation etc. are conducted to prepare the students for the end semester examinations. The institution utilizing its infrastructure and staff conducts the University examinations as well.
Human Resource Management	A training programme on NAAC

assessment and accreditation for affiliated colleges revised accreditation framework was organized for the teaching staff on 30th June, 2020. In collaboration with the college, the Kolkata Police organized self-defence training programme for the students empowering them and making them more confident. The student's Advisory Committee maintains regular liaison between staff, college and the students. The College Alumni is encouraged to engage with past pupils and holds programmes to nurture and rejuvenate the institutional ties with them. The Career Counselling Cell organizes programmes in association with external bodies/ organization for advising students in career advancement. Each department has a seminar library for additional books and support for advanced learning.

Industry Interaction / Collaboration

The students from Communicative English, Journalism and Mass Communication and Fashion and Apparel Design departments have undergone training programmes organized by various industries. 17 students of Fashion and Apparel Design attended internships at Turtle India, Amrit Exports, G.N. Garments and Lalune Fashions, and 14 students of Communicative English undergone job trainings at B. P. Associates, India Restaurant and Caterers, Royd Nurshing Home and Health Card Limited etc. P.C. Chandra Group conducted its Annual Gold Lites Divas Beauty Contest for first year students.

Admission of Students

Admission was conducted fully via online mode confirming to the regulations laid down by the University. The admission committee was proactive and responsive towards fulfilling and completing the procedures. One teacher and one non-teaching staff were available to respond to telephonic queries.

Curriculum Development

It is restricted to the curriculum as prescribed by the University. Suggestions and clarifications concerning curriculum development are verbally communicated through representative members of the U.G. Board of studies and through CBCS workshops on curriculum organized by the University.

Library, ICT and Physical  
Infrastructure / Instrumentation

The college library runs UGC sponsored software SOUL (2.0 version) which enables accession and circulation. Through N-List programme of INFLIBNET the teachers and students can access 90,000 e-journals and e-books. Smart classroom has been introduced for efficient teaching and learning. A control room has been operationalized and refurbished for conducting the University examinations wherein the college serves as the external centre.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Finance and Accounts	Fees collection including examination fees, admission fees, refunding in case of cancellation of admission etc. from students is done online. The entire processing of the salaries and generation of pay slips is done online. Accounts department maintains records through digital documentation. Ledger records are maintained through Tally ERP.
Student Admission and Support	Admission was conducted fully via online mode confirming to the regulations laid down by the University. SMS through notification gateway was sent to the applicants confirming successful submission of application and receipts of payments. Data required by the University for registration was sent online based on the information drawn from the application forms. A good number of students were registered beneficiaries of various state sponsored schemes like Kanyashree, Aikashree, Minority Scholarship, Swami Vivekananda Merit Scholarship through e-portals.
Examination	The form submission, registration and marks submission for examination were done online as prescribed by the University.
Planning and Development	The Management Information System has a database of details of staff, students, financial matters and all the important information necessary, thus helping the administration identify key areas for planning and development. It also includes data pertaining to admission, University registration and results. Information sought by the Department of Higher Education likewise

is available in the system. The College also has to upload and update academic, administrative and financial data in BANGLA UCCHASHIKSHA PORTAL Further building of the infrastructure of the institution is restricted by its subjudice status. However, the Building Committee with members from teaching and non-teaching staffs looks after the repairing and maintenance of the infrastructure.

**Administration**

Much of the college's administrative work is done online. The college website functions as the medium to convey all administrative and educational activities including accreditation and ranking certificates. For example, it notifies admission procedures prior to fresh admission and updates institutional events on a regular basis. Every student has a unique identification number, the use of which is indicative of fee status, admit card, University registration number and roll number. The College maintains its link with Higher Education Department also online through dedicated email and WhatsApp 24x7 so that urgent matters are conveyed immediately and appropriate action can be taken instantly. ### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

**Best Practice- 1 Title-** Collaborative training of students in Industry and other higher Institutions. **Objective-** To enable the students to gain knowledge and expertise in the areas of garment and accessory designing, fashion merchandising, production procedure etc. **Context-** The training provided is related to their course curriculum and is to impart thorough knowledge related to garment and accessory designing and production. **Practice-** The students are sent to the various garment manufacturing industries to gain in hand expertise of production and they are also sent to higher institutions like National Institute of Fashion Technology, Department of Jute and Fiber Technology for collecting Pantone color chips for preparation of color palette and also to learn about advanced finishing and dyeing of garments. **Evidence of Success-** There is 100 success achieved through this collaboration. It enables the students to gain knowledge in the areas of garment and accessories designing, fashion merchandising and production procedures. **Problem-** Sometimes industries do not co- operate as this process hampers their production process to some extent. **Best Practice-11 Title -Annual Day Celebration.** **Objective -**To disseminate the glorious tradition and culture of the college to the students. To encourage the participative traits in the students. To enhance the spirit to act in collaboration with others and to develop many other attributes like tolerance, self-confidence, mutual respect and the like. **Context-** Organizing Annual Prize Distribution together with greeting Farewell Message to the outgoing batches of students. **Practice-**The Annual Day Celebration took place on 28th Feb.2020 in a vibrant manner with the august presence of some academicians as the guests and former faculties of the college. The motivational speech of

the academicians and the colorful experiences of the former faculties shared add a unique flavor to this program. Annual Prize Distribution constitutes a significant part of this program. The outgoing batches of the students are greeted with an inspiring farewell message. A lively multicultural program is staged with the active participation of students, teachers and non-teaching staff. The program ends with the cake-cutting ceremony. Evidence of success—All the stakeholders of the Institution enjoy the program to their fullest. It gives the scope to all for renewing the spirit of unity, integrity and harmony which are very much needed for smooth running of the Institution. The students are enriched with leadership quality, collaborative work culture and tolerance which are very much characteristic of Indian rich cultural heritage. Problem—No problem as the programme is arranged at a time when there are no University of Calcutta examinations.
